Camp Dates: June 29 – August 6
New group of campers weekly

Check-In and Arrival

- Campers will be dropped off and picked up by parents/guardians at the Echo Cove parking lot, eliminating the need for school bus transport.
- Parents will be asked to make all payments online in advance, so no exchange of cash is needed at drop-off.
- Camp nurse will ask screening questions regarding any recent fever or symptoms, or travel out-of-state. Campers will be asked not to attend if anyone in their household has been sick within the past two weeks.
- Parents will be asked to depart as soon as their camper has completed check-in, reducing group size and mingling.
- Each camper’s luggage will be labeled with their cabin name so that luggage can be dropped off directly at their cabin.

Cabins

- Cabin groups will be an average of 10 campers and 2 counselors. Only this group of people will be in the cabin during the week.
- Hand sanitizer will be provided in each cabin.
- Door knobs and flat surfaces will be disinfected daily.
- Campers will be encouraged to position their beds head-to-toe, and to keep their belongings separated from other campers’.

Dining Hall

- Meals will be served in 2 shifts, keeping the Dining Hall to 50-60% capacity.
- Campers will sit with their cabin group.
- Tables will be appropriately spaced, and disinfected between groups.
- An outdoor hand-washing station will be provided, as well as hand sanitizer. All campers and staff will be asked to wash their hands before entering the Dining Hall.
- Kitchen workers follow Food Safety guidelines.
- Food will be plated by staff wearing gloves.
- Disposable utensils will be provided with each plate.
Bathhouses
- Bathhouses will be disinfected 3 times per day.
- Adequate supplies of hand soap will be provided.

Activities
- Activities will be modified to maintain social distancing as much as possible.
- Equipment will be disinfected after each activity rotation, including but not limited to: zip line helmets, archery bows, art supplies, canoe paddles, etc.
- Disinfection guidelines will be posted at each activity station.

Chapel
- Campers will sit with their cabin groups.
- Rows of chairs will be appropriately spaced.
- Chapel attendance will be under 50% of the building capacity.
- Windows will be opened to provide natural ventilation.
- Chairs and door knobs will be disinfected after each chapel service.

Other / Misc
- All Echo Ranch staff are trained in First Aid and CPR. In addition, we have at least 2 nurses and an EMT on staff this summer.
- If a parent/guardian wishes for their camper to wear a mask during camp, the parent/guardian will provide the mask(s) and explain their expectations to the child. Echo Ranch will not require or provide masks for campers.
- Any camper with any signs of illness (respiratory or otherwise) will be immediately quarantined to the “sick room” at the health station. Parent/Guardian will be contacted and, at the nurse’s discretion, arrangements made to send the ill camper home. Pre-existing conditions such as asthma or seasonal allergies will be taken into consideration in the decision.
- The sick room, as well as the vehicle used to transport an ill camper, will be cleaned and sanitized by medical staff after use.
- Any staff with any signs of illness (respiratory or otherwise) will immediately quarantine to their personal living quarters until they are well.
• Non-essential visitors will not be allowed during camp weeks. This includes family and friends coming to visit campers onsite.
• In case of resurgence of the virus in Juneau and/or reimplementation of stricter mandates, camp dates may be modified or cancelled.
